Best & Cheapest Brokers in France

A no-nonsense comparison for PEA and CTO accounts

The wrapper matters (PEA vs CTO), but so does the broker sitting underneath it — order fees, custody charges, and account minimums quietly eat into returns over time. Here's who's currently cheapest and most reliable for each.

1 BEST PEA BROKERS

BROKER	ORDER FEE (EURONEXT)	OTHER FEES	BEST FOR
Trade Republic	€1 flat; €0 on scheduled/DCA plans	No custody, no inactivity fees	Simplicity + automated DCA
Bourse Direct	€0.99 flat (min order €80 on PEA)	No custody, no inactivity fees	Lowest all-in cost, French support
BoursoBank	€1.99 up to €500, then 0.60% (capped 0.50% by law)	Free custody; ~40 ETFs at €0 via BoursoMarket (min €200/ETF order)	All-in-one banking + investing
Fortuneo	Similar tiered pricing; 1st monthly order refunded on ~40 Amundi ETFs	No custody fees	Frequent small ETF orders
